	COSHH ASSESSMENT TITLE: PRAXYS	First Drafted: 15/07/2016 Revised 16/02/2018
-----------------------------------------------------------------------------------	----------------------------------------------	-------------------------------------------------------

Product name: Praxys

MAPP number: 13912

Manufacturer: Dow AgroSciences Ltd

Emergency tel. nos: 01865 407333

Use: A post-emergence herbicide for use on MANAGED AMENITY TURF, including lawns, and AMENITY GRASSLAND for the control of DAISY, DANDELION, CLOVER, BUTTERCUP, RIBWORT PLANTAIN and other broad-leaved weeds.

Chemical composition: Active ingredients: Fluroxypyr-meptyl, clopyralid and florasulam.

Hazard classification:

Harmful

Dangerous for the environment

Risks to health:

Inhalation – no adverse effects anticipated during proper handling

Ingestion – low oral toxicity

Skin contact – may cause sensitization by skin contact

Eye contact – irritating

Remedy / First Aid:

Move to fresh air, provide oxygen or artificial respiration if needed, seek medical attention if symptoms occur

Do not induce vomiting unless told to do so by a doctor. Wash out mouth and continue to sip water. Seek medical attention immediately

Take off contaminated clothing. Wash off skin immediately with soap and plenty of water for 15-20 minutes. Seek medical attention if symptoms persist.

Hold eyes open and rinse slowly and gently for 15-20 minutes. Remove contact lenses after the first 5 minutes, then continue rinsing eyes. Seek medical attention immediately.

In all cases, remove affected person from source of contamination / exposure.

Factors which may increase risk:

None specified

Control measures / handling advice:

PPE required when handling the concentrate – splash resistant or waterproof coverall or similar, nitrile gloves, face shield or goggles, waterproof boots

PPE required when spraying - splash resistant or waterproof coverall, nitrile gloves, waterproof boots

Do not breathe vapour / mist – if exposure is high, wear respiratory protection

Keep away from food, drink and animal foodstuffs

Do not smoke, eat or drink when using this product

Wash hands before breaks and immediately after handling this product

Keep out of reach of children.

Use appropriate containment to avoid environmental contamination.

Emergency action (fire / spillage etc.):

Spillage – Keep other people away. Eliminate all sources of ignition. Wear splash resistant or waterproof coverall or similar, nitrile gloves, faceshield or goggles, waterproof boots. Do not flush away with water. Prevent from entering soil, ditches, waterways and / or groundwater. Small spills: absorb with materials such as: clay, dirt, sand and then sweep up. Large spills: contact Dow AgroSciences for clean-up assistance. Inform Environment Agency or SEPA (0800 807060) immediately if Greenor enters drains.

Fire – Call fire service immediately (999) and show this sheet on arrival. Keep people away, isolate fire and deny unnecessary entry. Non-flammable until the water has evaporated, the residue can burn. Avoid breathing smoke or fumes which may be toxic and / or irritating. Use self-contained breathing apparatus and fire-fighting clothing. Use water fog, carbon dioxide, dry chemical or foam. Contain fire-fighting water run-off if possible as it may cause environmental damage. Remove intact containers from exposure to fire or spray unopened containers with water mist to keep cool.

Storage / transport / disposal:

Store securely in closed container in cool, dry, ventilated store when not actually in use
 Keep away from heat, sparks and flame
 Store in original container in a dry place
 Store securely in closed container in a safe place.
 Store away from food, drink, animal foodstuffs or drugs
 Protect from frost
 Triple rinse containers
 Do not cut, drill, grind, weld, or perform similar operations on or near empty containers.

Other information:

DO NOT CONTAMINATE WATER – may cause long-term adverse effects in the aquatic environment.
